24 October 1957

MEMORANDUM FOR: Chairman, Joint Atomic Energy Intelligence Committee

SUBJECT: Security Briefings of Consultants

1. You are cautioned to conduct TALENT briefings of specially cleared consultants on a strict must-know basis imparting only such classified information as is necessary to secure desired results.

2. It is of special importance to know that clearance for TALENT material is not a clearance for AQUATONE data; therefore, as regards consultants, no reference may be made to nor information discussed concerning the AQUATONE operation.
